

DNR Brownfield Site Assessment Grant Applicants Fall 2004, Round 6

The RR Program has received 76 applications for the Brownfields Site Assessment Grant (SAG) Program. Applicants applied for \$3.1 million in funding for the current round of grants. However, only \$1.7 million is available for this fiscal year (2004-2005).

Applicants requested \$1.55 million in small grants and \$1.58 million in large grants. Small grants range between \$2,000-\$30,000 and large grants range from \$30,001-\$100,000. This is the sixth round of SAG grants, created in 1998 by the State Legislature based upon recommendations from the Brownfields Study Group.

Grants awarded in previous rounds have helped communities begin investigation and cleanup activities at 742 acres in 103 communities across the state since 2000. These activities include 340 site assessments and investigations, the removal of nearly 200 underground storage tanks and the demolition of more than 240 structures and buildings.

Small Grants (\$2,000 up to \$30,000)

Cities, Towns, and Villages

- Village of Birchwood
- City of Black River Falls
